

The AGM range has very low internal resistance making them particularly ...

The AGM 12V 38Ah Deep-Cycle Battery from Victron Energy is the ideal solution for applications with high current discharge. With its high cycle stability and low internal resistance, it is particularly well ...

Ideal for various applications, this battery offers substantial energy storage with its 38Ah capacity, ensuring your power needs are met efficiently. With a robust design suitable for high current ...

Victron 12V/38Ah AGM Super Cycle Battery, 2 year warranty. The AGM range has very low internal resistance making them particularly suitable for high current discharge applications such as for ...

AMAXPOWER HD Series is free maintenance deep cycle gel battery with 15 ...

Access the best quality, efficient and rechargeable inverter battery 12v 38ah at Alibaba for varied uses. These inverter battery 12v 38ah are durable and certified.

The AGM range has very low internal resistance making them particularly suitable for high current discharge applications such as for inverters, thrusters and winches as well as engine starting.

AMAXPOWER HD Series is free maintenance deep cycle gel battery with 15-20years design life in float service. 30% more life than the standard gel battery, 50% more than the regular lead-acid AGM battery.

The NP38-12 Battery delivers dependable power for advanced technical applications. With a 12V, 38Ah sealed lead-acid design and valve-regulated construction, this rechargeable ...

With a voltage of 12V and a substantial capacity of 38Ah, this battery ensures a steady and long-lasting power supply. The M5 terminals facilitate easy installation, making it an ideal choice for cyclic setups.

With a voltage of 12V and a substantial capacity of 38Ah, this battery ensures a ...
