

The MOBICELL-15K is a modular three-cabinet clean power system engineered to replace diesel generators for backup and mission-critical power. Ideal for telecom, industrial and remote off-grid ...

This innovative product allows you to add up to six 15kW hybrid inverters in parallel for a maximum of 90kW. With intelligent energy storage management and a reliable backup power supply, you can rely ...

Access power to your entire 200 amp main panel and choose where to use your home's power. Power all the energy consuming items in the AI+ 12K.15 package plus the AC, water heater, and electric ...

Enhance your home's energy efficiency with advanced 15kw ip65 photovoltaic battery cabinet solutions. Store power effortlessly and reduce your electricity bills.

Our commercial solar battery storage systems are designed to enhance energy efficiency, reduce costs, and provide reliable power solutions for various commercial applications.

It offers plug-and-play convenience, fuel efficiency, and the ability to scale up for larger power demands. Ideal for small and medium commercial and industrial sites.

Product features UPS Back-up Power System Grid-support functions Flexible configuration Support PV access Industrial Microgrid PowerSystem System Built-in transformer Bi-directional Power ...

POWER STORAGE US 15 HYBRID INVERTER FOR RESIDENTIAL AND COMMERCIAL PV SYSTEMS high efficiency back-up power supply modular space saving design quick and easy ...

This fully integrated energy storage system features a comprehensive all-in-one design, incorporating essential switches for battery fuses, photovoltaic input, utility grid, load output, and diesel generators.

The PWRcell Battery cabinet holds the battery modules that store electrical power. Each cabinet can hold from three to six batteries for 9kWh to 18kWh of usable storage.
