

Bulgaria Energy Storage Container Procurement Project

Bulgaria's second standalone energy storage procurement exercise of 2025, worth close to BGN 229 million, received a lot of interest and there are 30 project proposals included in a reserve ...

Bulgaria's Ministry of Energy will finance 82 standalone renewable energy storage projects with a combined grant budget of BGN 1.154 billion (~\$675 million) under the EU-backed ...

Bulgaria is taking bold steps toward a greener energy future, having recently wrapped up its most ambitious energy storage tender to date.

Bulgaria will finance 82 standalone renewable energy storage projects worth over 1.15 billion leva (\$675 million) under its EU-funded procurement exercise named RESTORE.

The battery energy storage system (BESS) market in Bulgaria will experience robust growth by 2030 in the co-located/behind-the-meter (BTM) and front-of-the-meter (FTM) segments.

Bulgaria's Ministry of Energy has approved EUR588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9.7GWh of usable capacity. The final decision, ...

The tender was launched last year, aiming to significantly increase the share of renewable energy, mainly wind and solar, in the country's energy mix. It would also contribute to ...

This event will bring together key stakeholders from across the region to explore the latest trends in energy storage, with a focus on the increasing integration of energy storage into ...

Bulgaria's Ministry of Energy will pump a total of BGN 228.9 million (\$137.2 million) into 31 energy storage facilities following the conclusion of the country's National Renewable Energy...

The tender sought to support the construction of at least 3,000 MWh of storage systems. As previously announced, it attracted 151 proposals worth almost BGN 5 billion in total. Of these, 118 ...
