Circuit breaker, zinsco, push matic, FPE, Used. Licensed Electrician \$5 Glendale, ca 91205

So this is all very understandable. However, my site has 40 substations that were built for live bus tieing. My maintenance guy has been closing bus ties out here for 40 years without incident. ...

Product Overview:The Bus Tie Switchgear is a critical component in medium-voltage (MV) power distribution systems, designed to interconnect and isolate multiple busbar sections.

Only one tie breaker per bus is allowed. However, you can model ring buses or breaker and a half schemes by using a breaker inserted into a short section of busway instead of a tie breaker.

We specialize in current, obsolete, and hard to find Breakers, Panel Switches, Buss Duct Switches, Transformers, and MCC Buckets for Commercial, Industrial and Residential Systems.
