

JinkoSolar PV Panel Specifications and Dimensions

What is a Jinko 550W solar panel?

The Jinko 550w solar panel with 2278x1134x35mm (89.69x44.65x1.38 inch) dimensions, is a first-rate monocrystalline solar panel made out of the highest-grade silicon. It has up to 21.29% efficiency, making it perfect for domestic and commercial on/off-grid solar installations. Jinko Solar's products are known for their high quality and reliability.

How many solar panels does JinkoSolar produce?

As of September 30, 2021, JinkoSolar has delivered more than 80GW solar panels globally, which makes JinkoSolar the world's largest photovoltaic module manufacturer in terms of cumulative shipments. 9BB technology decreases the distance between bus bars and finger grid line which is benefit to power increase.

Does JinkoSolar have a vertically integrated solar product value chain?

JinkoSolar has built a vertically integrated solar product value chain, with an integrated annual capacity of 31 GW for mono wafers, 19 GW for solar cells, and 36 GW for solar modules, as of September 30, 2021.

Who makes Jinko Solar panels?

As one of the largest and most innovative solar module manufacturers, JinkoSolar offers a diverse portfolio of solar panel solutions, ranging from the Tiger Neo and Neo Green series. JinkoSolar's products offer superior quality and high operational efficiency, meeting European requirements and certification standards.

No. of Cells 144 (6x24) Dimensions 2274x1134x35mm Weight 28.9kg Front Glass Anti-Reflection Coating, High Transmission, Low Iron, Tempered Glass Frame Anodized Aluminium Alloy ...

The new-generation Jinko solar panel embraces a larger 182mm/ 7.1" solar cell format affecting the overall size and weight over standard module sizes. Therefore, gauging your preferred module by ...

The Jinko 550w solar panel with 2278x1134x35mm (89.69x44.65x1.38 inch) dimensions, is a first-rate monocrystalline solar panel made out of the highest-grade silicon. It has up to 21.29% efficiency, ...

As one of the largest and most innovative solar module manufacturers, JinkoSolar offers a diverse portfolio of solar panel solutions, ranging from the Tiger Neo and Neo Green series. ...

Distances measured from corner to corner A-A B-B For detailed sizes and tolerance specification, please consult detailed module drawing

JinkoSolar (NYSE: JKS) is one of the largest and most innovative solar module manufacturers in the world. JinkoSolar distributes its solar products and sells its solutions and ...
