

Which countries have reordered a 75 MW solar project?

Kingdom of Eswatini launches its first project in a 75-MW program. NESO's reform surfaces a reordered 283-GW pipeline of generation and storage. Equinor's Serra da Babilônia Solar is live, targeting 236 GWh a year. Germany's solar pivot: fewer single-family installs, more C&I and utility-scale, PPAs and storage surge.

Is Oxford PV expanding manufacturing beyond Germany?

He said Oxford PV is expanding manufacturing beyond Germany while focusing on global licensing partnerships. Latest news on the solar energy and photovoltaics industry in the USA: installations, manufacturing, markets & policy, and technology.

How many solar projects has energyRe secured under power off-take deals?

US renewable energy developer energyRe said on Thursday it has secured the output of 360 MW solar projects under power off-take deals with an unnamed utility in South Carolina.

What's new at Solar Energy Expo 2026?

Solar Energy Expo 2026, Poland's flagship PV-plus-storage trade fair, returned this month with a small show-floor footprint but a sharp focus on flexibility and market reform, as well as the storage, inverter and grid-forming technologies shaping the nation's next phase of grid integration.

Solar industry news: Mounting, inverter, PV module, tracker and energy storage trends; net metering regulation; financing, buying trends and more.

Thanh Do Australia has entered into a five-year agreement worth \$8.4 million with Tindo in Adelaide to supply 15 MW of cyclone-rated rooftop solar panels for projects in Vietnam.

Publishing solar energy breaking news, research and analysis--updates on emerging markets and sustainable energy trends around the world.

Latest solar power news from Europe, Latin America, Sub-Saharan Africa, APAC, MENA and more. Stay updated on solar PV, solar energy, policy & projects.

We are here to bring you the latest solar news, progress and innovations, and everything else that you need to and want to know about the solar industry.

Check out our selection of solar energy news from all over the globe. All the top recent events in solar thermal and photovoltaic market. The latest research, innovative technologies, ...

News from the photovoltaic and storage industry: market trends, technological advancements, expert commentary, and more.

Latest news on the solar energy and photovoltaics industry in the USA: installations, manufacturing, markets & policy, and technology.

Latest news on solar power, covering industry advancements, government policies, major projects, and technological innovations shaping the future of solar energy. Solar power continues to grow as a key ...

Join us at Solar Power World as we cover the world of solar news on technology, development and installation on a daily basis.
