

Modular outdoor cabinet extra large capacity product specifications

What is a T cabinet?

The T cabinet series cabinets are intelligent enclosed outdoor cabinets designed to support flexible expansion. The cabinets have an open framework design (similar to block building) that enables easy expansion of the cabinet space and heat dissipation capacity at the top and both sides of the cabinets.

Why should you choose a Suncast® outdoor cabinet?

Suncast® Outdoor Cabinet offers a durable resin construction with sturdy, pad-lockable doors (lock not included). This provides superior strength and security. The wicker design looks great in any outdoor setting, allowing you to increase your storage capacity while beautifying your space.

What is an open framework cabinet?

The cabinets have an open framework design (similar to block building) that enables easy expansion of the cabinet space and heat dissipation capacity at the top and both sides of the cabinets. This feature helps customers quickly carry out capacity expansion and device upgrades at low cost.

What are the benefits of a kitchen cabinet?

- o High reliability: The cabinets meet IP55 standards and adopt an enclosed design, which can effectively protect the devices inside the cabinets from external harmful dust and gases that may cause corrosion. They also provide up to 60 kA surge protection capability for more secure outdoor use.

The Outdoor Storage Cabinet features 12-gauge steel construction, adjustable high-capacity shelves, a 3-point lock, a sloped top, and a weather-resistant design, ideal for industrial storage.
