

Monocrystalline silicon 295W solar module parameters

MODULE Maximize limited space with top-end efficiency Up to 180 W/m² power density Low thermal coefficients for greater energy production at high operating temperatures

As a global leading crystalline solar power company, Macsun Solar not only engages in R&D of mono or Polycrystalline photovoltaic technology but also keeps close track of the development trends and the ...

Himin Clean Energy Holdings Co., Ltd, as the main holder of the fourth International Solar City Congress (Dezhou city, 2010) and the constructor of China Solar Valley, has concentrated on solar energy research ...

This CID2-certified 295W 12V solar panel is engineered for durable, industrial-grade power systems.

295W-310W 120 efficient monocrystalline silicon cell modules SLP295S-20D SLP300S-20D SLP305S-20D SLP310S-20D Electric Performance Parameters

Since its development, the company has become a professional provider of high-efficiency 295W Monocrystalline Solar Module integrating R&D, production, sales and application solutions.

Specifications subject to technical changes and tests. JA Solar reserves the right of final interpretation. Remark: Electrical data in this catalog do not refer to a single module and they are not part of the offer. They ...

KF Solar Tech Group Corp. is a professional manufacturer and supplier of high performance 295w monocrystalline solar panels.

Need the Silfab 295 spec sheet? Get the official PDF download right here! Explore detailed performance data, dimensions & warranty info for this solar panel.
