

MEOX Mobile solar container is CE-certified, IP65-rated, resistant to dust, water, Level 8 wind, and magnitude 8 earthquakes. Designed for 15+ years of service life.

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid areas, construction sites ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

MOBIPOWER HYBRID Containerized Clean Power is Mobismart's high-capacity autonomous power solution, integrating solar panels, hydrogen fuel cell, and large-scale battery energy storage within a ...

The OffGridBox Pioneer is an all-encompassing, fast, and resilient solution for disaster preparedness, response, and recovery.

All energy systems are equipped with a solar array, batteries, inverters, and the option to add an integrated generator. The MiniBox microgrid solution can seamlessly switch between off-grid and grid ...

This build is 100% off-grid, and lives inside a 40ft shipping container. The primary purpose is to power a submersible 240V 2HP deep well pump and a 120V transfer pump that moves ...

Modular, solar-powered shipping-container systems for remote living and businesses. Complete off-grid power solutions built by licensed electricians at Danger Electric.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

Solarfold(TM) features a patented dual-rail guiding mechanism, 40% higher energy density, automated deployment in under 6 hours, and superior weather resistance. Unlike traditional solar containers, ...
