

Several generating units of Jamaica's new solar power station

In addition to its solar assets, InterEnergy Jamaica continues to operate 250 MW of thermal generation capacity to support grid stability. The acquisition of EREC's 87.3 MW further ...

InterEnergy announced a comprehensive reconstruction plan for the solar park, aimed at restoring its generation capacity, strengthening its infrastructure to withstand increasingly severe...

Jamaica is set to build its largest solar park, an ambitious project that initially targets 92 MW of capacity and combines solar energy generation with integrated energy storage.

The Jamaica Photovoltaic Energy Storage Power Station stands as a landmark project in the Caribbean, combining solar power generation with advanced battery storage. This article dives into the station's ...

This is a list of electricity-generating power stations in Jamaica, sorted by type and name. In Jamaica, the Jamaica Public Service Company (JPS) has a monopoly on the "transmission, distribution and ...

As part of its commitment to renewable energy, JPS will expand its solar farm in Content, Clarendon, and build a new state-of-the-art solar facility at the Bogue site in St James.

Kingston-headquartered Wigton Energy, formally known as Wigton Wind Farm Ltd., will develop a 49.83 MW plant in the parish of Clarendon, southern Jamaica. Meanwhile SunTerra ...

Power utility Jamaica Public Service Company, JPS, is investing US\$300 million to construct Jamaica's largest solar power plant and a battery storage facility, starting this month. The ...

Located in Westmoreland, the 51 MWp facility is Jamaica's largest photovoltaic (PV) plant, operational since 2019. It generates over 80 GWh of clean electricity annually and offsets more ...

"In November 2024, the Generation Procurement Entity (GPE) awarded 99.83 megawatts of new solar capacity contract to Wigton Energy Limited and Sunterra Energy Jamaica ...
