

The latest size of LONGi photovoltaic panels

What are LONGi Solar panels?

Longi Solar's two primary solar panel technologies are PERC cell modules and bifacial modules.. LONGi has two main series of solar panels: Hi-MO 4, and Hi-MO 5, which have a variety of different options to suit residential, commercial and utility-scale projects..

What is Longi high-efficiency solar module?

LONGi High-efficiency solar Module, widely adopting PERC solar cells technology, Half-cut Module Technology and Bifacial PV technology, Mono Silicon Crystalline Technology has become a leading manufacturer and brand in the export and installation of monocrystalline silicon solar photovoltaic module.

Are LONGi Solar panels worth the investment?

With costs that fall below the industry average and panel efficiency high enough for the average consumer, LONGi solar panels are worth the investment. Our rating: 3.6 Best for: Affordability. LONGi is a reputable solar module manufacturer with high-quality panels and with a solid review score of 4 out of 5 on SolarReviews..

How much power does a LONGi Solar module produce?

The company said the 2,382 mm x 1,134 mm module offers 25.9% efficiency and 700 W power output, with a power density of 259 W/m². The temperature coefficient is -0.24%/C. Longi said the cells are manufactured using both low- and high-temperature passivation on the front side.

LONGi High-efficiency solar Module, widely adopting PERC solar cells technology, Half-cut Module Technology and Bifacial PV technology, Mono Silicon Crystalline Technology has become a ...

Latest Price Trends and Models of LONGi Photovoltaic Panels in 2025 As of February 25, 2025, LONGi Green Energy has implemented a price adjustment for distributed generation ...

China's PV maker unveils anti-dust solar module with 24.8% efficiency, 670 W power Installing Longi's latest Hi-MO X10 back-contact solar panels on a 10,000 m² rooftop could produce ...

As global solar installations surge by 18% year-over-year, one question keeps resurfacing: Why do industry leaders consistently choose Longi photovoltaic panels? With its record-breaking ...

Solar panel company LONGi has launched its latest design, the Hi-Mo X6 Max series, which uses the industry-compromised new wafer size of 182.2 x 191.6 mm (M11). The M11 wafer size ...

Chinese solar manufacturer Longi unveiled a new PV module with 25.9% efficiency at the 2025 SNEC trade show this week in Shanghai, produced using both low- and high-temperature ...

LONGi's Hi-MO 7 is the latest generation of high-efficiency modules specifically designed for utility

The latest size of LONGi photovoltaic panels

applications. These modules utilize n-type HPDC (High Performance and Hybrid Passivated Dual ...

LONGi module product model comparison to help you quickly make product selections.

Longi is the world's leading solar manufacturer, consistently making Top-10 solar brands. With manufacturing facilities and sales offices in more than 150 countries and regions worldwide, ...
