

Vivint Solar was an American provider of photovoltaic solar energy generation systems, primarily for residential customers. The company was established in 2011 as an offshoot of home automation and security company Vivint and was headquartered in Lehi, Utah. The company primarily used a power purchase agreement (PPA) business model where Vivint Solar installed and maintained a solar system on a customer's h...

We're using solar power to simplify your life, reduce your energy bill, and clean up the environment.

In October 2020, Vivint Solar was acquired by Sunrun for \$3.2 billion; since then all new business has been conducted under the Sunrun brand or through related entities.
